

INDUSTRIAL DEHUMIDIFIER MACHINES

PRODUCT CODE	TY-015	TB-019
Power	5.5 kW / 7.7 Hp	3.3 kW / 4.5 Hp
Refrigerant	407C	
Voltage	400V – 3NPE	
Amper	Max. 12A	
Capacity	60.000 – 65.000 Btu	30.000 – 33.000 Btu
Compressor	6 Hp	3.3 Hp

**The electricity voltage can be adapted for each country.*
**The manufacturer reserves the right to change these features.*

ADVANTAGES OF DEHUMIDIFIER

- Warning lights
- Rotation compressor
- Single stage fan
- Hot gas defrost mode
- Digital hygostat and humidity control
- Easily accessible air filter, easy to clean
- Connection option for external condensate drain
- Portability: there are wheels under the device that can move in all directions
